

Join the Patient and Family Advisory Council Today

The UAB Center for Psychiatric Medicine (CPM) is seeking volunteers to serve on the Patient and Family Advisory Council. The council volunteers meet six times per year to serve as consultants and advisors for the CPM.

What is the role of a Patient and Family Advisor?

- Provide ideas and recommendations to help us ensure that the patient's and family's points of view are integrated into service and quality improvement projects throughout the CPM
- Become part of all aspects of planning, service delivery, and policy development decisions that affect patients and families
- Provide the health care and management teams in the CPM with a unique perspective that will further improve the patient and family experience

Who can become a Patient and Family Advisor?

- This role is open to all Center for Psychiatric Medicine patients and their family members

Please consider joining the Center for Psychiatric Medicine Patient and Family Advisory Council by contacting CPM Administration at 205-934-9594 or ecaine@uabmc.edu.
